Dear Benard,

I hope you and your family members are okay. My family members have sent lovely greetings to you.

I have written to you this letter to appreciate you for paying my school fees and buying for me scholastic materials. I thank you for bringing me to this wonderful school with best teachers and best children.

I thank you for your prayers that you prayed for and it made me pass in the new class I am in now. Your prayers protected the school and my home plus the country. Our school has good teachers and administrators who make sure that there is always good relationship between pupils and teachers and school.

Our school always participates in many activities like playing football, going for athletics and many others. Our school is the best in Northern Uganda in performance because of the fear of God.

In our school, the headteacher always provides us with a balanced diet which includes vegetables and fruits. I am very proud of my school and I promise to pass very well.

May God grant you peace, good health and protection.

Yours sincerely,

Benard
